**A story that brings back the memories of a child's heart,  
passed on through this tape.**

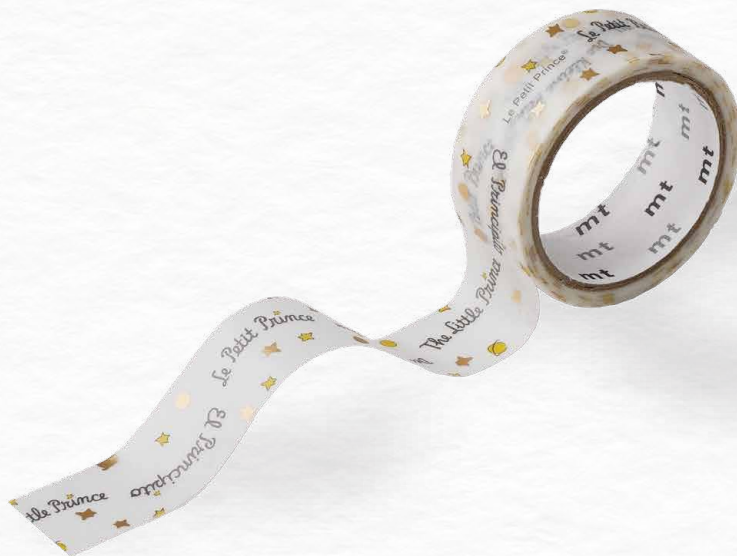

The beloved classic by Antoine de Saint-Exupéry,  
in which a pilot who crash-lands in the desert  
meets a boy from a faraway, small planet.

The Little Prince, which you will always want to keep close,  
like a cherished illustrated tale,  
is gently captured on a small roll of tape.

Ever since that day, it has captivated the hearts around the world, never letting go.  
The words, like precious gems, are placed into your hands.

"Le Petit Prince" is the last work and masterpiece of Antoine de Saint-Exupéry, a heroic aviator and writer who left his mark on the history of French aviation. It was written in New York during World War II in exile and published in 1943, around the same time he travelled to North Africa to join the Free French Army and disappeared the following year during a

reconnaissance flight. The book, a fairy tale in form but full of profound insights into life, has spread around the world, transcending language and cultural barriers. It has been translated into more than 500 languages and dialects, and a total of 200 million copies have been published, a number that continues to grow today.
